

Analyze with Confidence PXA Signal Analyzer from Keysight

Keysight PXA Signal Analyzer

Benchmark Performance in Signal Analysis

PXA signal analyzers are ideally suited for high-performance research and development (R&D) applications in aerospace/defense and commercial wireless communications. The PXA analyzes signals over wider bandwidths, reduces measurement uncertainty, and reveals previously hidden signals with noise floor extension (NFE).

TRS-RenTelco is proud to be certified as a Keysight Technologies Premier Rental Partner.

This partnership combines Keysight's expertise in technology with TRS-RenTelco's over 40 years experience in the test equipment rental industry.

As a certified Premier Rental Partner, TRS-RenTelco not only stocks a large inventory of frequently requested Keysight equipment, but also receives priority delivery of Keysight's newest product technology.

TRS-RenTelco offers short and long term full-service leases, rentals, rentals with purchase option, and sales of pre-owned equipment.

TEST EQUIPMENT AS-A-SERVICE

We also offer trade-in programs to keep your inventory up-to-date with the latest technology.

With thousands of models available, most orders are shipped by TRS-RenTelco for delivery the next business day.

TRS-RenTelco provides you with the latest technology, when you want it, for as long as you need it, at an excellent value!

Equipment now. Service beyond.

RENT A KEYSIGHT PXA FROM TRS-RENTELCO

IN STOCK AND READY TO SHIP

Keysight PXA Signal Analyzer Benchmark Performance in Signal Analysis

Unravel complex signals through the PXA's broad set of measurement applications and demodulation capabilities or add real-time spectrum analysis capabilities with an upgradeable option.

- Analyze more with a wide frequency range of 2 Hz to 50 GHz with up to 510 MHz analysis bandwidth
- See small signals in the presence of large ones with up to 75 dB of spurious-free dynamic range (SFDR)
- Extend the frequency up to 110 GHz with Keysight smart mixers
- Record, analyze, and simulate real-world scenarios with gap-free streaming up to 255 MHz
- Capture transient or intermittent signals with optional real-time spectrum analysis capabilities
- Meet stringent data security requirements with a removable solid-state drive and other optional features

TRS-RenTelco Premier Rental Program Benefits

Availability: access to a large inventory of Keysight equipment – when you need it

Response: quick and thorough support to address your pre-sales and post-sales technical questions

Execution: you can depend on us to get it done no matter what

Variety of flexible financial solutions

- Month-to-month rentals
- Rent-to-own options
- Operating leases
- 0% finance leases
- Long-term capital leases
- Purchase & Sale of quality pre-owned equipment

24/7/365 customer support available

ISO 9001:2015 registered

A2LA accredited to: ISO/IEC 17025, ANSI/NCSL Z540-1 and ANSI/NCSL Z540.3

Same day shipping available until 8 pm Central Time

TRS-RenTelco and Keysight, partnering to provide the technical and financial solutions you need to meet the challenges of today's fast-paced business.
